

Configurator

**Trailer-swap chassis, swap container
– customized to meet your needs**

This brings us to our service

Breakdown service: Around the clock, every day!

Our technicians will get your vehicle back on the road around the clock. Just one call to our freephone 00800 number is sufficient.

00800 24 CARGOBULL
00800 24 227462855

Schmitz Cargobull complements their high quality vehicle and transport solutions with an extensive range of services. Customer service staff are always available to offer professional advice. The staff at Schmitz Cargobull create well thought out finance plans, precisely tailored to meet your particular requirements.

Schmitz Cargobull Parts & Services (CPS) is always on hand to help our customers with any questions that may arise after purchase: from Europe-wide replacement part supply through to full-service contracts for repair and maintenance. Bespoke full service contracts provide year round, precisely calculatable life cycle costs for your whole fleet.

You will find all of our services concentrated in our Cargobull Trailer Centres: Ranging from new or used vehicle sales to financing concepts and equipment packages right up to arranging service partners for maintenance, repairs and replacement parts.
