

M.KO COOL/Z.KO COOL through-loading trailer

The flexible and efficient through-loading trailer

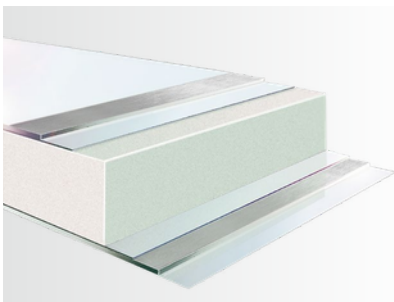

Are you looking for a practical and time-saving solution for transporting food?

The M.KO COOL/Z.KO COOL through-loading trailer protects temperature-controlled cargo and handles all transport tasks flexibly and conveniently – without the need for coupling and uncoupling.

Why is the M.KO COOL
COOL/Z.KO COOL
the best solution for
you?

The M.KO COOL motor vehicle trailer can be loaded and unloaded directly using a forklift via the Z.KO COOL central-axle trailer. This saves time and space, as the ramp only needs to be approached once with the entire modular trailer combination and the trailer does not need to be parked in between.

Excellent insulation for temperature-controlled freight thanks to FERROPLAST® bodies

With ATP-FRC-certified bodies, your freight is demonstrably safe in transit. Numerous configurations are possible for MultiTemp operation, including fixed and variable fittings as well as sliding partitions made from vapour-diffusion-tight FERROPLAST®.

The efficient and convenient transport solution

Large volumes of freight, unloaded quickly. No need for coupling manoeuvres, no loss of time. In the optimal configuration, up to 36 Euro pallets can be transported on a single level. Weight-optimised, low-maintenance and easy-to-repair design with a weight saving of up to 60 kg.

Numerous configurations with fixed and variable fittings

Fittings for customising the layout of the load compartment: e.g. fold-out tunnel, roller blind over the gangway, loading bridge, gangway in through-loading combinations and many more.

The M.KO COOL/ Z.KO COOL: Efficient, flexible, easy through- loading.

Refrigeration expertise from a single source and equipment packages that are perfectly coordinated. Thanks to the various configuration options, you can find exactly the right solution to suit your transport requirements.

Brand-name cooling units from leading manufacturers, available as front-mounted or underfloor models.

Additional roof evaporator* for MultiTemp versions and trailers in through-loading trains.

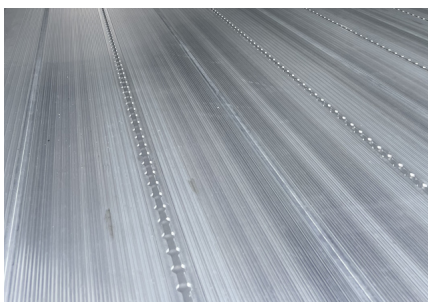

Sliding partition made from vapour-diffusion-tight FERROPLAST®*: Quick, variable MultiTemp partitioning; available optionally for 1/3 and 2/3 division or as a continuous wall.

Reversing camera* and **LED work lights*** provide additional safety when reversing, docking at ramps and manoeuvring, and also help prevent damage.

Airline floor* with optimised slip resistance and perforated strip for securing loads. The welded floor pan complies with hygiene regulations, is quick to clean and saves time.

Central control box, which ensures easy diagnosis and maintenance of the systems.

Transporting fresh produce safely.

As a strong partner for your success, we provide you with transport solutions and services you can rely on, for greater cost-effectiveness, efficiency and transparency in your fleet and throughout the supply chain.

Ex works in every
M.KO COOL/Z.KO COOL

With **TrailerConnect® telematics**, you receive real-time data for greater transparency and efficiency in your fleet and supply chain. In the **TrailerConnect® portal**, you can centrally manage all your fleet's telematics data – across all manufacturers – on a single platform.

The **TrailerConnect® tyre pressure monitoring system with Autolearn** automatically detects newly fitted sensors, programmes them automatically and records tyre pressure and temperature data.

This means efficient fleet management, intelligent scheduling, higher trailer availability and effective processes.

You Can Rely on This:

Schmitz Cargobull Premium Services for Maximum Uptime

- Tailored financing and insurance solutions from an industry expert
- Second Hand – First Class Quality-Tested Used Vehicles
- TrailerConnect® telematics and digital services for smarter logistics
- Spare parts you can count on for timely repairs
- Full service for trailers, refrigeration units, and tyres
- Genuine spare parts online, delivered within 24 hours
- Cargobull Mobile Service Van
- 24 hour Cargobull Euroservice roadside assistance across Europe
- 1,400 service partners: your professional workshop network
