We know the Trail.

SINCE 1989

GT TRAILERS

Member of the Team SCHMITZ CARGOBULL

GT Trailers is committed to innovation, modern design, and superior quality. By continuously evolving our products and processes, we have spent years building reliable relationships with our clients and business partners.

GT history

1989

Company founded

Krystyna and **Kazimierz Gniot**, in their **home workshop**, have constructed the first custom-made trailers for passenger cars.

1995

New headquarters

A new headquarters has opened in **Kurznie**, and the production facility was expanded. The first solutions for delivery trucks went into constant production.

GT history

2001

Patents

GT designed and developed technological innovations resulting in first **patents**. The first **specialized solutions** were created – the bodies of vehicles used in copper mines.

2005

Second facility

A second production facility purchased and a new location in **Malnia** was opened. The area where the company operates has been tripled.

GT history

2012

European markets

GT opened up to **European markets** and invested in export operations. GT takes part in the IAA Hannover trade fair for the first time, presenting its patent: **System 2504.**

2018

Succession

R&D project which expanded GT's product portfolio to include **BDF systems** was finalized. At the end of this year a **formal succession** also took place.

GT history

2022

Rebranding

Gniotpol Trailers is undergoing rebranding under a new name: **GT Trailers.** The implementation of a new development strategy begins.

2025

Development plans

GT Trailers becomes a **Member of Schmitz Cargobull Team**, moving forward **together, focused, sustainable.**

Why partnership with Schmitz Cargobull?

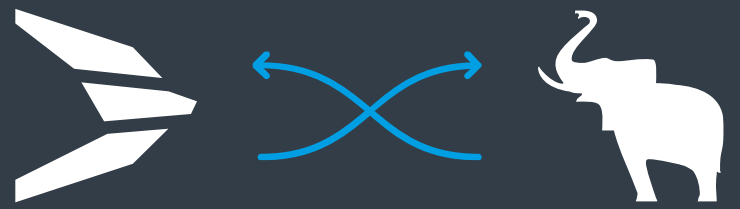
GT / Two Forces. **One Stronger Future.** / Member of the Team SCHMITZ CARGOBULL

MORE.VALUE.

A Shared Commitment to People and Technology

The Partnership

The partnership aims at the mutual strengthening of both companies through leveraging reciprocal synergies.

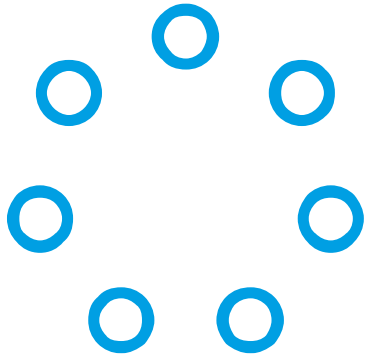


GT receives opportunities from Schmitz Cargobull:

- access to SCB sales network and additional markets
- know-how of manufacturing process optimization
- GT can rely on reliable SCB components
- integration into the SCB purchasing community

Schmitz Cargobull receives opportunities from GT:

- SCB customers gain access to a broader portfolio (especially HVS, City Trailers S.BO & S.CS, dollies)
- SCB benefits from GT's flexibility and know-how in customized products and customer requests
- SCB supplies components for GT products (ROTOS axles, Ferroplast bodies, etc.)



GT TRAILERS
7 KEY FACTS

01

Production Facilities

2 manufacturing plants with a total area of 100,000 m².

02

Experience – over 37 years of innovation

A constant vision for over 37 years.
Building stability across generations.

03

Team ~200 experienced specialists

Crafted by experts who understand every detail of our vehicle.

04

Customers – Partners for over 20 years

Reliable relationships, year after year.

05

Scale & reach

Engineered to perform in any climate and on any road. Proven durability across all climates and terrains.

06

GT Concept Lab

50+ patents, inventions, and registered industrial designs. Innovation that puts our business ahead. 50+ exceptional ideas driving our success.

07

100% in-house production

Total control. Full customization. Fast response to client’s individual needs.
