1. Introduction

Cargobull Finance Limited ("**Cargobull Finance**") processes Personal Data in accordance with applicable data privacy laws and as stipulated in this privacy statement ("**Statement**"). With this Statement, Cargobull Finance wants to inform you in a transparent manner on the most important standards by which Cargobull Finance processes Personal Data.

Cargobull Finance Limited is a private company registered in England and Wales having its registered office at Building 7, Croxley Park, Hatters Lane, Watford, Herts, WD18 8YN, United Kingdom with registered number 04122590, and which is authorised and regulated by the Financial Conduct Authority only in respect of agreements regulated by the Consumer Credit Act 1974.

Postal address: PO Box 430, Watford, WD18 8EZ, United Kingdom

Telephone: +44 (0) 1923 810016

Questions about this Statement or the processing of Personal Data in general, can be directed to the Data Protection Officer of DLL ("**DPO**") via privacyoffice@dllgroup.com. This DPO has been appointed for De Lage Landen International B.V. and its affiliates including Cargobull Finance.

Main activities of Cargobull Finance

Cargobull Finance supplies finance solutions to Cargobull's dealers and retail customers. To do so, it works together with the manufacturer and dealer network ("**Cargobull Finance partner**").

What does Cargobull Finance consider as personal data processing?

This Statement concerns personal data processing. What do these words mean?

- **Personal Data**
Information that says something directly or indirectly about you is referred to as Personal Data. Examples include your name and address, and information such as your income.
Information relating to a sole trader, commercial partnership or professional partnership is also considered personal data.
Information relating to a legal entity is not personal data, but information relating to a legal entity's representative does count as personal data.
- **Processing**
Processing means anything that can be done with personal data. This includes the collection, storage, use, transfer and removal of data.

2. Why is Personal Data being processed by Cargobull Finance?

The purposes for which Cargobull Finance processes Personal Data are set out below.

a. In order to enter into a contract with you and to fulfil this contract

When entering into a contract with Cargobull Finance, we need to process your Personal Data. For example, Cargobull Finance needs to carry out an examination in order to assess whether Cargobull Finance can accept you as a client. This assessment will include:

- **Integrity check:** When entering into a client relationship we consult available incidents registers and warning systems. We also check the national and international sanctions lists. As a financial institution, Cargobull Finance has a legal obligation to perform such a check.

Verify identity: When entering into a client relationship, we must confirm your identity. We can do this by making a copy of your identity document so that we can identify you. We will use the copy of your identity document only for identification and verification. As a financial institution Cargobull Finance has a legal obligation to verify your identity.

- **Credit check:** When entering into a client relationship we also assess whether you qualify from a financial perspective. We call this method credit-scoring. Your credit score is calculated on the basis of automated decision-making. We can decide not to enter into an agreement with you if you do not qualify. For this assessment we also involve third parties, such as credit reference agencies and use Personal Data collected by these agencies. Where we supply Personal Data to credit reference agencies in order to process your application, they will give us information about you, such as information about your financial history. We do this to assess creditworthiness and product suitability, check your identity, manage your account, trace and recover debts and prevent criminal activity. We will also continue to exchange information about you with credit reference agencies on an ongoing basis, including about your settled accounts and any debts not fully repaid on time. Credit reference agencies will share your information with other organisations. Your Personal Data will also be linked to the data of your spouse, any joint applicants or other financial associates. The identities of the credit reference agencies and the ways in which they use and share Personal Data are explained in more detail in the Credit Reference Agency Information Notice available at <http://www.experian.co.uk/crain/index.html>

Cargobull Finance has a legitimate interest to avoid a situation in which its counterparts are unable to meet their financial obligations.

When we have entered into an agreement, in order to fulfil the contract we process Personal Data as set out below:

- **Continuous integrity check:** When you are our client, we will continue to consult the incidents registers and warning systems. We also check the national and international sanctions lists. As a financial institution Cargobull Finance has a legal obligation to perform such a check.
- **Information on product:** We inform you about your lease agreement; for instance the remaining term of outstanding obligations or we will contact you to seek solutions if arrears should emerge.
- **Services:** To provide certain services that can be part of the financial agreement we involve third parties; for example, Cargobull Finance partners.
- **Intermediary services:** As intermediary for another service provider we transfer Personal Data to be able to carry out our activities.
- **Recordings:** We can make recordings of telephone conversations, e-mail messages, camera images, and online chat sessions and video chat sessions, and may document these recordings. We may do this to monitor quality, to investigate fraud and for training and coaching purposes. Cargobull Finance has a legitimate interest to uphold quality standards by training and coaching its employees and it is in the interest of Cargobull Finance and its clients to take adequate measures against fraud.

b. To comply with legal obligations

- **Providing data to the Government and regulators:** We must, on the basis of certain (international) law and regulations collect, analyse and sometimes transfer Personal Data about you to (European) government authorities or supervisory authorities in the United Kingdom or abroad. For instance to the Financial Conduct Authority, the Financial Ombudsman Service and the Information Commissioner's Office.

We must observe regulations to be able to offer you financial services, such as the Consumer Credit Act 1974 and the Financial Services and Markets Act 2000. Furthermore we must

observe regulations to prevent fraud and criminality, such as laws for preventing money laundering and financing terrorism including the Proceeds of Crime Act 2002, the Terrorism Act 2000, the Money Laundering Regulations 2017, the European Union Fourth Money Directive 2015 and the Counter-Terrorism Act 2008.

The tax authorities and court services and also, for instance, the intelligence services can request Personal Data from us. In that case we are legally obliged to cooperate with the investigation and pass on your Personal Data.

- **Risk models:** On the basis of European regulations we are obliged to make risk models that include your Personal Data. This allows us to determine the risks of Cargobull Finance when financing you and the extent of the financial buffer we must hold. These risk models determine the chances that you will for instance get in arrears. Hereby we can for instance, in consultation with you, prevent possible payment difficulties or handle these quicker.

c. To ensure your security and integrity as well as the security and integrity of the financial sector

We process your Personal Data to ensure your security and ours, and also the security of the financial sector. We also do this for the purpose of preventing fraud, money laundering and the financing of terrorism. As a financial institution, Cargobull Finance has a legal obligation to do so.

- **Incident registers and warning systems:** If you wish to become a client, or are already a client of ours, we will consult the incident registers and warning systems.
- **Incident registers and warning systems from public authorities:** Public authorities send us lists of individuals, which we have to enter in our warning registers. These are individuals with whom financial institutions must not do business, or to whom the financial sector must pay extra attention. We may consult the incident registers and warning systems, and we may also record your Personal Data in these registers. If we record information relating to you in these registers, we will notify you unless we are not allowed to do so, for example because the police ask us not to notify you in the interests of their investigation.
- **Publicly accessible sources:** We consult publicly accessible sources, such as public registers, newspapers and the internet, in an effort to combat fraud and protect Cargobull Finance.

d. To help develop and improve products and services

In order that we can be of service to you and can innovate, we develop and improve products and services on an ongoing basis. We do this for ourselves, our corporate clients or other parties. Since both Cargobull Finance and others benefit from such development and improvement, we have a legitimate interest to do so.

We also process Personal Data when analysing your visit to our website. We do this with the aim of improving our website. We use cookies and comparable technology for this.

We make recordings of telephone conversations, e-mail messages and online chat conversations for example, and may document these recordings. We do this in order to improve the quality of our services, for example by providing training to our employees. We may also do this in order to provide proof, to investigate fraud and other matters, and to train, coach and assess employees.

Analysing Personal Data allows us to see how you use our products and services. We also use the results of our analysis to categorise clients into groups. This enables us to create client profiles and

interest profiles. When producing the analysis, we sometimes also use information obtained from other parties and publicly accessible sources.

We also carry out research in order to improve our products and services. For example, we may ask you to give your reaction to a product or to review a product. You are not required to cooperate in such studies. Sometimes we use other parties to process your Personal Data for this purpose; for example in order to measure or ask you how we can improve our services. In that case, these other parties act on the instructions of Cargobull Finance.

e. For account management, promotional and marketing purposes

We process your Personal Data for account management, promotional and marketing purposes. In doing so, we use Personal Data we have obtained from you, such as your activity on our website, as well as information not obtained directly from you, including public registers (such as Companies House), publicly available sources (such as the internet) and other parties (such as Cargobull Finance partners).

Cargobull Finance has a legitimate interest to extend the relation with you in order for you to use it to its maximum potential and inform and make you aware of the full scope of Cargobull Finance's solutions within the boundaries of what is suitable for you.

We also use the services of advertisers in order to display advertisements to a specific target group. We indicate which target group or type of profile our advertisement is intended for. The advertiser then displays the advertisement to the people who are in the target group or fulfil the profile. We never share Personal Data relating to individual clients with such advertisers.

f. To enter into and perform agreements with vendor-partners, suppliers and other parties we work with

If you have contact with Cargobull Finance in your capacity as a supplier, we may process your Personal Data, for example so that we can establish whether you are permitted to represent your business or facilitate a visit to our offices. Where necessary, for example in order to perform Cargobull Finance partner due diligence, we may consult incident registers and warning systems before we enter into our agreement and also while the agreement is in effect, in the context of screening.

g. To carry out business processes and for the purpose of management reports and internal management

To carry out business processes and for the purpose of management reports and internal management we process your Personal Data:

- **Know your customer:** We believe it is important and necessary that we have a good picture of our clients.
- **Credit risk:** Financial products involve credit risk. We have to determine what that risk is, so that we can calculate the financial buffer we need to maintain. In connection with this, we process Personal Data relating to your loans and credit facilities.
- **Transfer of receivables/securitisation:** It could be possible that we transfer our financial agreement with you to another financial institution. If such a transfer takes place, your Personal Data will be processed. Once the agreements have been transferred, the other party will also process your Personal Data. We agree with the other party that it must comply with legislation and regulations on Personal Data protection. We also do this when a contract is

taken over. In the event of a merger or demerger, the legislation on protecting Personal Data will of course be followed.

- **Internal audits and studies:** We also use your Personal Data to perform internal audits and investigations. For example in order to examine how well new rules have been introduced or to identify risks.
- **Improving our own business processes:** We also use Personal Data to analyse and improve our business processes so that we can help you more effectively or make our processes more efficient. Where possible, we will anonymise or pseudonymise your Personal Data first.

Cargobull Finance has a legitimate interest to categorise and establish risks that are inherent to its business, and accordingly take measures to minimize or transfer (part of) these risks and improve its business processes for the benefit of Cargobull Finance and its clients.

h. For archiving purposes, scientific or historic research purposes or statistical purposes

We may also process your Personal Data if this is necessary for archiving purposes in the public interest, scientific or historic research purposes or statistical purposes. Where possible, we will anonymise or pseudonymise your Personal Data first.

3. Which Personal Data is processed by Cargobull Finance?

The Personal Data which are being processed by Cargobull Finance can be divided in different categories:

Categories of Personal Data	Example of Personal Data	Examples of why Cargobull Finance uses this Personal Data
Information that allows an individual to be identified directly or indirectly	Name, address, telephone number, e-mail address, national identification number.	We process this data to be able to identify you, to draft an agreement or to contact you.
Agreement data	Financial data, the products that you have in place with Cargobull Finance, your credit risk profile, your financing data.	We process this data to judge whether you may conclude a financial agreement with us. For instance, we want to know whether you are able to fulfil the payment obligations under the financial agreement.
Sensitive data	Data about health, data on crime or criminal justice, ethnical data, national identification number and biometrical data (such as fingerprints).	<p>We process special categories of data if you have made this information publicly available or if you have given your consent. If you request us to process this data, we only process the data if this is necessary for our services.</p> <p>We only use your ID number if this is legally permitted, for example to identify the ultimate beneficial owner.</p> <p>As part of fighting terrorism and because of fiscal obligations we also have to record data about your native country.</p> <p>We only use biometric data if you have registered your fingerprint in the Cargobull Finance App to quickly access the Cargobull Finance App (only for Cargobull Finance partners).</p>

Recorded calls, recordings of video chat and online chat sessions, video surveillance, documentation of e-mails	Conversations we have with you, and you have with us, by telephone or in online chat sessions. E-mails you send to us and which we receive from you. Camera images that we take in our offices.	We may use the recorded calls, e-mails and online chat conversations to combat fraud, to fulfil legal obligations, to monitor quality, to provide proof, to improve our services and to train, coach and assess our employees. Camera surveillance is used for safety and to investigate fraud.
Data that says something about the use of our website and Cargobull Finance App	Cookies, IP address, data about the appliances you use to purchase our services.	We use this data to allow you to use our online services. With the help of cookies we can improve our website and Cargobull Finance App or we can offer targeted ads/banners.
Data that we receive from other parties	Data we receive from the vendor partner, Companies House, credit reference agencies and data that we receive from companies to whom you have given permission to share this data with us.	We use this information to check whether we can enter a financial agreement with you. Cargobull Finance may also use it for commercial purposes.
Data that we share with other parties	Financial information we are obliged to share with regulators. Contractual data that we share with third parties that we use for our services. Data that you asked us to share with third parties.	We are obliged to provide certain data to the tax authorities, HM Revenue and Customs and Financial Conduct Authority. We also share Personal Data with third parties (such as marketing agencies or suppliers of Cargobull Finance) that process data on our behalf. Next to that we share Personal Data with Cargobull Finance partners (for example we might share the end date of the contract or relevant developments happened during the contract). You can also ask us to share certain data with a third party.
Data we need to prevent and investigate fraud, to prevent money laundering and the financing of terrorism.	The data that is saved in the internal and external referral registers of Rabobank, national and international sanctions lists, location data, identity data, camera images, cookies and IP address.	We process this data to comply with legal obligations and to prevent you, the financial sector or Cargobull Finance becoming a victim of fraud. We check if you appear in our external or internal referral registers of Rabobank and we must check whether your name appears on national and/or international sanctions lists. We can use your IP address, appliances data and cookies to fight internet fraud (Ddos attacks) and botnets.

4. How does Cargobull Finance collect your Personal Data?

The business of Cargobull Finance is for a major part generated through the cooperation with Cargobull Finance partners. As part of the cooperation between Cargobull Finance and the Cargobull Finance partners the Personal Data is collected by these partners from you and made available to Cargobull Finance in order to facilitate Cargobull Finance in processing such data for the purposes set out above. Cargobull Finance also receives your Personal Data if you have provided this directly to Cargobull Finance; for example if you have entered this on the Cargobull Finance website with the request to contact you.

Cargobull Finance is part of the DLL Group and the Rabobank Group and can therefore also receive your Personal Data from companies within the DLL Group and Rabobank Group (see also paragraph 6 (a) of this Statement). Also, Cargobull Finance can receive your Personal Data from third parties, such as suppliers. Your Personal Data might then be sent to Cargobull Finance because Cargobull Finance cooperates with these third parties and/or you have given your consent to these third parties to share your Personal Data with Cargobull Finance.

5. Legal basis for processing Personal Data

The purpose of processing is set out in paragraph 2 of this Statement. By law, every Personal Data processing operation must have a legal basis. We have mentioned the applicable legal grounds in paragraph 2. For the most important part, we process your Personal Data because we are under a legal obligation to do so. If, however, this legal obligation does not apply directly to Cargobull Finance, we have a legitimate interest in processing your Personal Data for these purposes. We also process Personal Data where this is necessary to conclude the agreement.

We may also ask you for your consent to process your Personal Data for the purpose of developing and improving our products and services (see paragraph 2(d) of this Statement) or for account management, promotional and marketing purposes (see paragraph 2(e) of this Statement).

6. How long will Cargobull Finance store Personal Data?

We do not store your Personal Data longer than we need it for the purposes for which we have collected it, or for the purposes for which we re-use the Personal Data. In United Kingdom, this will be in most cases 5 years after the end of the agreement or your relationship with Cargobull Finance. Sometimes we use different storage periods. For example, if the supervisory authority in the context of risk models requires us to store certain Personal Data longer or if you have filed a complaint that makes it necessary to keep the underlying Personal Data longer.

If we no longer need the Personal Data for the purposes described in paragraph 2 of this Statement, we can still store the data for archiving, legal proceedings or for historical or scientific research or statistical purposes.

7. Does Cargobull Finance transfer your Personal Data to third parties and to other countries outside the EU?

a. Within the Rabobank/DLL Group

Cargobull Finance is part of the DLL Group and the Rabobank Group. If the law permits us, Personal Data can be exchanged within the DLL Group and the Rabobank Group, and most likely Coöperatieve Rabobank U.A.; for example, because your application for a financial product needs involvement of Coöperatieve Rabobank U.A. when it exceeds certain hurdles. We must, however, comply with the rules that we have agreed within the Rabobank Group, and as stated in the Binding Corporate Rules and the Rabobank Privacy Code. The Rabobank Privacy Code describes the requirements which all parts of the DLL Group must meet and guarantee an appropriate level of protection of Personal Data.

Cargobull Finance or its affiliates in the DLL Group can also be located in countries outside of the European Union that have less strict privacy rules. If we share your Personal Data with parts of the DLL Group we will only do so in accordance with the Rabobank Privacy Code.

b. Outside the Rabobank/DLL Group

Your Personal Data is also transferred to third parties outside the Rabobank Group if we are legally obliged to do so, because we need to identify you before we enter into an agreement with you or because we use a third party for meeting the obligations we entered into with you.

We pass on your Personal Data to third parties if we are obliged to do so. For example to (European) supervisory authorities, such as the Financial Conduct Authority, the Financial Ombudsman Service, the Information Commissioner's Office or the tax authorities.

If you do not make payments on time, we also transfer your Personal Data to third parties that we need in the context of our services. For example, bailiffs and lawyers.

We may transfer our financial agreement with you to another financial institution. If such a transfer takes place, your Personal Data will be processed. Once the agreements have been transferred, the other party will also process your Personal Data. We agree with the other party that it must comply with legislation and regulations on Personal Data protection. We also do this when a contract is taken over. In the event of a merger or demerger, the legislation on protecting Personal Data will of course be followed.

Sometimes we engage third parties for processing Personal Data for our purposes. For example, an Cargobull Finance partner that provides services on our behalf under a lease contract entered into with Cargobull Finance, or a printing company that provides a customer mailing for us that prints name and address details on envelopes, or parties that store data for us. These parties must first be deemed sufficiently reliable by us. We can only engage third parties if this fits the purposes for which we have processed your Personal Data. In addition, these third parties can only be involved by Cargobull Finance if they enter into proper data processing agreements with us and will take appropriate security measures and guarantee confidentiality.

If we transfer your Personal Data to third parties outside the European Union, we take extra measures to protect your Personal Data. The same rules do not apply in all countries outside the European Union to protect your Personal Data as required within the European Union. We may use third parties outside the EU and the country where these third parties are located may not offer sufficient protection in the processing of Personal Data according to the European Commission. As such, we will only transfer Personal Data if there are other appropriate safeguards, such as contractual agreements approved by the European Commission or on the basis of the 'Privacy Shield' (United States of America).

8. How will Cargobull Finance secure your Personal Data?

Cargobull Finance is committed to making sure your Personal Data is secure. To prevent unauthorised access or disclosure, Cargobull Finance has technical and organisational measures to safeguard and secure your Personal Data. All Cargobull Finance personnel and third parties Cargobull Finance engages to process your Personal Data are obliged to respect the confidentiality of your Personal Data and they have a duty of confidentiality.

9. Which rights can you exercise?

a. Right to access and rectification

You can ask us to access your Personal Data, after which we can grant you access to the Personal Data processed by us. Should you believe that your Personal Data has not been processed correctly or is incomplete, than you can ask us to rectify or supplement your Personal Data (rectification).

b. Right to erasure (right to be forgotten)

You can ask us to erase your Personal Data as recorded by us.

c. Right to restrict Personal Data

You can ask us to limit the Personal Data processed by us.

d. Right to data portability

You have the right to ask us to receive the Personal Data that you provided to us in connection with a contract with us or that was provided to Cargobull Finance with your permission, in a structured and

machine readable format or to transfer this Personal Data to a third party. Should you ask us to transfer Personal Data directly to a third party, then this can only be done if it is technically possible.

e. Right to object

You have the right to object if we process your Personal Data. For example if we process your Personal Data for direct marketing purposes (paragraph 2 (e) of this Statement) or if we record telephone conversations (paragraph 2 (d) of this Statement). If you object to this processing, we will determine whether your Personal Data can indeed no longer be used for those purposes. We can then decide to cease the processing of your Personal Data. We will inform you about our decision.

f. Right to withdraw consent

If you have given your consent to us for specific processing of your Personal Data, you can always withdraw your consent. We are then no longer allowed to process your Personal Data.

The requests for access, rectification, erasure, restriction, data portability, objection or a request to withdraw consent, can be sent to the DPO. For the DPO's contact details, please see paragraph 10 of this Statement.

Cargobull Finance will respond within one month after Cargobull Finance has received your request. In specific cases, Cargobull Finance is able to extend this period to 2 months. In order to process your request Cargobull Finance will request you to provide identification, for example in case of a request for access. Cargobull Finance can also request you to further specify your request.

10. How to contact Cargobull Finance in case of a request, question or complaint

For requests, questions or complaints with regard to the processing of Personal Data by Cargobull Finance, you can contact the Data Protection Officer at privacyoffice@dllgroup.com

You can also contact the Information Commissioner's Office, if you have a complaint about the processing of Personal Data by DLL. Contact details of the Information Commissioner's Office are available at <https://ico.org.uk/>

11. Can this Privacy Statement be updated by Cargobull Finance?

This Statement can be updated from time to time. For example in case of additional legal requirements or if Personal Data is being processed by Cargobull Finance for new purposes. Please note that you can always find the latest version of this Statement on www.cargobull.com/uk
