One-Stop Solution

One-stop shopping: Schmitz Cargobull offers you a comprehensive service solution to meet all your trailer-related needs over its entire service life. Your personal Schmitz Cargobull representative will be happy to provide you with comprehensive information about the full range of services we offer to meet your individual needs.

We understand your business and make it more efficient.

Custom-made financing packages
from industry experts, irrespective of the company bank, including GAP cover.

Special insurance cover
for legal protection, third-party and comprehensive cover to protect you from the risks of the industry, tailored precisely to your trailer usage.

Fair conditions
when selling or trading in your used trailer as the ideal foundation for your next investment.

Second-hand – first-class
Certified quality of used trailers Europe-wide – also available online. Nearly-new, used trailers with the DEKRA certificate.

Cargobull 24-hour Euroservice:
Your Europe-wide breakdown service for rapid assistance when you need it.

1,700 Service Partners:
Your reliable network of specialist workshops throughout Europe. Trained and audited by Schmitz Cargobull.

TrailerConnect® telematics on board:
Reliable data collection and seamless documentation with durable technology in the vehicle in compliance with the IP69K industry standard, plus a digital temperature recorder.

Outstanding usability
with your own TrailerConnect® telematics portal 2.0 or direct transmission of data with an API interface into a management system. Transparent information using data services for location, safety, temperature and equipment monitoring.

Telematics-supported fleet management
for optimum usage and efficient cost control of the trailers in your fleet.

Usage

Procurement

Valuation and sales

Individual Full Service contracts
for trailers and cooling units including service, replacement of wear parts and Europe-wide breakdown service – for cost transparency and safety.

Full Service tyres
with premium manufacturers for the entire truck-trailer – ideally coordinated to the customer's usage. Replacement and service, thanks to a Europe-wide tyre service network.

RemoteService
transmits our expert knowledge and expertise immediately by video streaming app to our Service Partners' authorised workshops for maintenance and repair.

Order original spare parts
online 24 hours/ 365 days in the EPOS portal specific to your trailer. Europe-wide delivery generally within 24 hours.

At Your Side – Throughout the Service Life of Your Trailer

The Optimum Service Package for All Vehicles –
Our Employees are Happy to Advise You
